Sundy

As this enticing gallery of images by Scott Ramsay, for Sundy Príncipe, reveals, the little-visited Príncipe Island is an idyllic nature-lover's retreat.

With sublime beaches and vast, wild forests, Príncipe was declared a World Biosphere Reserve in 2012 and, thanks to forward-thinking politicians, developers and conservationists, the island is being transformed into a model of wilderness conservation.

Read more about Príncipe in Justin Fox's feature in [issue 85 of Travel Africa magazine](#).

To see Scott Ramsay's images in full frame, click on one and flick through the gallery. And then you'll see why Príncipe is high on our bucket list for 2019!
